

### Students let their Business Talents Shine at Young Entrepreneur Fair

**May 13, 2014:** Budding young businesswoman Amelia Duncanson (above) showcased her wares at McGirr Elementary's Young Entrepreneur Fair, held on May 8<sup>th</sup>.

The Fair is the pinnacle event of the PowerPlay Young Entrepreneur Program, proudly supported by Coastal Community Credit Union. Students involved in the program spend weeks building a business plan, making their own products, and creating marketing materials before selling their merchandise at the popular Fair.

Ten-year-old Duncanson sewed the infinity scarves herself—which sold out in minutes—and will be donating some of her profits to charity. "I like making products and having fun," Duncanson shared about her experience. When asked if she would participate in the Young Entrepreneur Program again, she replied excitedly, "Yes!"

For more information on the Young Entrepreneur Program, visit the Youth and Education page of Coastal Community's website, [www.cccu.ca](http://www.cccu.ca).
