

## ***Coastal Community wins Golden Brush from Chemainus and District Chamber of Commerce***

*For Immediate Release*

**Vancouver Island, Gulf Islands - December 6, 2012:** Coastal Community Credit Union was honoured to receive the Golden Brush award from the Chemainus and District Chamber of Commerce last week. The award was for Top Professional Services Business, and Coastal Community could not be more pleased with the recognition.

Coastal Community was nominated by a few different people for the award. Chamber members then vote on the nominees.

"We're honoured to receive this type of recognition for our helpful, caring service," said Coastal Community President and CEO Adrian Legin. "However, it would not be possible were it not for our dedicated employees at our Chemainus branch. Congratulations to them."

One of Coastal Community's nominators, who remained anonymous, was quoted as saying: "CCCU has grown to be the most service-oriented, forward-thinking, community-minded business I know. It is the largest financial institution (based) on the Islands and is recognized as one of Canada's Best Employers. Coastal goes the extra mile to meet the needs of our community. They make a difference in many ways: philanthropy, volunteering, and encouraging local shopping."
