

Coming to an (Inflatable) Movie Screen near You: It's the Return of Coastal Community's Sunset Cinema Series!

Friday, June 27, 2014- Nanaimo, BC: From July 9th to the 13th, you're invited to take in a complimentary movie under the light of the summer stars during Coastal Community's Sunset Cinema series.

This year, those planning on attending Sunset Cinema in Campbell River, Parksville or Duncan will be treated to the blockbuster *Lego Movie*, while the wildly popular family hit *Frozen* is being shown in Courtenay and Nanaimo. And there won't be a bad seat in the house, as all films are being shown on a massive, three-storey-high inflatable screen in the great outdoors. Showtime is at dark, and moviegoers are encouraged to bring a blanket or lawn chair and claim a spot early.

The movies are free, but if you happen to indulge at Sunset Cinema's concession stand, your money will help support Coastal Community's Young Entrepreneur Program. Young Entrepreneurs is an educational, school-based program designed to help students explore the world of business, while developing valuable life and financial skills.

Also making an appearance at all five events are the Nanaimo Science & Sustainability Society's interactive science activities. The demonstrations will take their cue from Sunset Cinema's two films (think science experiments using building blocks and dry ice). There's also the chance to win prizes through Coastal Community's social media sites during Sunset Cinema.

Helping to ensure that Sunset Cinema runs smoothly is a team of dedicated Coastal Community employee volunteers. Tilli Kimler from the Comox branch has been volunteering at Sunset Cinema since it started five years ago. "It's a fun event!" she says. "Everyone is happy and there are lots of families. Plus it's just great getting together with fellow staff from other locations."

Coastal Community looks forward to connecting with island families during this year's Sunset Cinema Series. By all accounts, it's shaping up to be another immensely popular event!
