

## Darren Ditto

Director (Independent)

*Prince George*

Term: 2023 - 2028

---

With 27 years of experience in Information Technology leadership, Darren currently serves as Director of Operations, Clinical Information Systems at Northern Health in British Columbia, where he leads regional clinical information services, oversees transformational system implementations, and manages multi-million-dollar operating and capital budgets within a regulated healthcare environment. Darren has served on multiple boards including the Integris Credit Union Board. He teaches prototyping and design at the College of New Caledonia, supporting innovation and technical skill development in the community.

Darren works within highly regulated public sector environments, managing risk, governance, privacy, cybersecurity, and portfolios critical to clinical operations. He has extensive experience in capital planning, vendor contract negotiation, budget oversight, audit engagement, and strategic roadmap development.

As a former Director with Integris Credit Union starting in 2023, Darren has served on Audit, Executive, Investments & Lending, IT, and Nominating Committees, contributing to balance sheet oversight, lending governance, and a major banking system transformation initiative. He is committed to prudent risk management, strong governance, and ensuring community-based financial institutions remain resilient and innovative in this time of increasing internal pressures.

---
