

Jeremy Stayton

Director (Independent)

Victoria

Director Since: 2023 | Term: 2023 – 2026

Hailing from the South Island, Jeremy has a background in business and sustainability, as well as residential and commercial lending. With an MBA in Sustainable Enterprise, he is the Chief Executive Officer and part owner of DeepNet IT, a certified Benefit Corporation using business to do good in the world.

Previously, he was Global Director of Strategic Accounts for Acxion, a data and marketing services firm. In his new role as a Director, he plans to bring his strategic focus on sustainability, community building and employee well-being to CCCU.

Jeremy's extensive governance experience includes currently serving on two boards—a sustainability-focused building services company and a 40-year-old non-profit called ManKind Project Canada - BC, developing better men. His strong focus on building healthier communities is evident in his many volunteer hours with Mankind Project across North America and time spent as a volunteer for food security with Tsawout First Nation during the pandemic.

As of May 2023
