

Attention students in financial need –you'll want to know about this bursary!

Read on for important information on the Credit Unions of BC Bursary Program – next submission deadline is June 15th

When it comes to paying for post-secondary education, every little bit helps—especially when you're in pressing financial need.

With the understanding that financial aid can make the difference in turning a post-secondary dream into reality, the Credit Unions of BC Bursary Program was established back in 1958. Thanks to the growing support of BC credit unions and their members, over the past 15 years over \$2 million has been awarded to BC students in need. Coastal Community is proud to be a part of the Bursary Program and the important work they do in helping students afford their post-secondary education.

If you're a student in financial need, or know of someone who is, please consider the Credit Unions of BC Bursary Program. It could make all the difference!
